

### Pupil Premium EYPP Strategy Statement 2021/2022

What will the money be spent on?	Why have you chosen this?	How much will it cost?	How will it benefit the EYPP children? Which of the EYPP children will it benefit?	How will it benefit the setting?	How will you know it has made a difference?
Early Talk Boost Training (aimed at 3 - 4 year-olds)	At the last pupil progress meeting for nursery (Nov, 2021), 29% (5/17) of children were not on track for Communication and Language. As a result of this, we would like to run an Early Talk Boost intervention.	The cost is personalised to each setting, but we wish to put the £300 approx. towards the cost of this training.	Nursery staff will be trained in Early Talk Boost. Children will be targeted to take part in the intervention. According to the Early Talk Boost website, “The programme aims to accelerate children’s progress in language and communication by an average of 6	According to evidence from the EEF, “There is evidence to suggest that pupils from lower socioeconomic backgrounds are more likely to be behind their more advantaged counterparts in developing early language and speech skills, which may	We will track the children’s progress from their starting points. The nursery teacher will make regular assessments of where the children are. Pupil progress meetings will occur regularly throughout the year and gaps identified.

			<p>months, after a nine week intervention.”</p>	<p>affect their school experience and learning later in their school lives.</p> <p>Given that Oral language interventions can be used to provide additional support to pupils who are behind their peers in oral language development, the targeted use of approaches may support some disadvantaged pupils to catch up with peers, particularly</p>
